# 800mm Fire Extinguisher Backing Board – Pine Wood

Internal Code: FFE027

The 800mm fire extinguisher backing board is used to mount your fire extinguisher to the wall. The backing board prevents the wall from getting damaged when the bottle is used or bumped. This backing board is made from Pine Wood, which is a light wood. The 800mm backing board is big enough to mount your 9kg DCP fire extinguisher, 2kg CO2 fire extinguisher, 5kg CO2 fire extinguisher or any other big cylinder fire extinguisher.
